British Vending Excellence Since 1966

**THE TIME HAS COME TO CHALLENGE
THE HIGH STREET!**

Autumn 2015

The NEW Coffee To Go Retail Unit utilises the award winning interactive Sigma Touch to create the ultimate public site solution delivering High Street quality drinks 24 hours a day 7 days a week!

Professional Quality Coffee...

- **NEW...** 10-bar espresso brewer module for a purer extraction, fine grind and consistent drink quality
- Single, double and triple fresh brew & wholebean models available
- Up to three tea choices* including two freshbrew options for a breakfast or speciality tea and a further instant Chai tea.
- Ideal for high footfall public sites i.e. airports, universities, hospitals and shopping centres

NEW

10 Bar Barista Style Brewer delivering Italian quality coffee

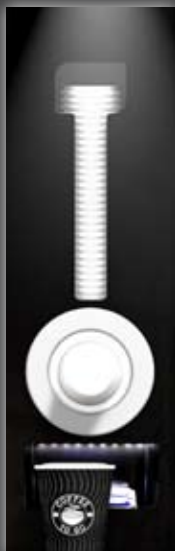

The espresso Brewer is designed and built in the UK with Italian inspired components. The 48mm Conical grinder with fine adjustment and doser yields the correct amount of coffee every time. The perfect grind and dose of aromatic coffee is tamped with the correct amount of pressure to ensure a consistent flow to produce an Italian inspired taste of excellence!

Now with three tea choices*

NEW

Functionality

■ In-built compartments for all those additional items such as sip lids, sugar sticks, stirrers and espresso cups

- Stylish, sleek looks with strong accent LED lighting in the canopy, compartments and drink dispense area
- Modern, easy to clean stainless steel preparation areas
- Double the waste capacity with two large lockable and secure bins - particularly useful for busier sites!

Language and accessibility

The Coffee To Go Retail Unit caters for a wide range of users and user requirements and is particularly suited to busy public site locations.

To make it even easier to select your favourite hazelnut latte or tasty chocolate milkshake the choice of menus are available in five languages - English, French, German, Spanish and Russian drink titles and descriptions will lead consumers seamlessly through the drinks selection with no fuss, assistance or additional signage. Other languages can be added.

The Coffee To Go also offers an innovative menu for wheelchair users with the choice of a menu in the lower section of the screen where all touch selection buttons are lower than 1.2 metres in height.

Media...

- High-definition 19-inch touch screen with integrated speakers for high quality sound
- Opportunity to display your own corporate messages
- Dynamic “attention-grabbing” advertising when the machine is at standby, helping to drive sales in other nearby snack machines for example
- Intuitive touch sensitive menu selection with allergen display information and customisable areas
- Menus are supplied in four additional languages as well as English
- Accessibility menu specially designed for wheelchair users below the 1.2 metre guideline
- In-built WIFI GPRS telemetry - putting you in total control remotely (SIM required)
- FREE audit software for downloading drink sales information to USB

NEW

Syrup shots & Milkshakes!

- Micro agglomerated skimmed milk powders are readily available and this becomes REAL MILK when added to chilled filtered water giving you, for example, great tasting chocolate, vanilla and strawberry milkshakes!*
- Also the three syrup pump option allows you to treat yourself with a hazelnut shot in your latte or a hint of vanilla in your flat white
- Add an extra sugar for those with a sweet tooth

*An optional extra

Advertising Opportunities

As well as delivering high quality drinks with the NEW pressurised espresso brewer, the Coffee To Go also offers revenue opportunities with its advertising and messaging capabilities.

The technology within the 19-inch touch screen allows a rolling series of high-definition advertisements which are screened in between drink sales, promoting products from nearby snack machines, advertising nearby facilities or services and displaying in-house corporate messages.

The machine becomes a focal point for all your advertisements and messages whilst attracting increased vending sales for you.

Customise the screen with your brand or latest promotion!

You can also customise your on-screen menus with your company identity or branding.

Simply add your adverts and logos via USB stick or telemetry and let the Sigma Touch become an essential marketing asset in promoting your business, products or services whilst at the same time serving delicious coffee shop quality drinks.

An example of a German menu, one of five languages that are available.
