Samba Top

INNOVATIVE TECHNOLOGY COMBINED WITH ELEGANT DESIGN

Samba Top offers a vending experience that can satisfy all tastes and needs. With its stylish and contemporary design, including energy saving LED lighting and elegant aluminium side panels, Samba Top compliments any environment with its neat and understated aesthetics. With the addition of an elevator you can now vend fizzy drinks and glass bottles from the top shelf allowing more flexibility and variety of products to be dispensed from the machine.

USER INTERFACE

- Elegant aluminium door
- Large LCD graphic display, numeric push button keypad and 5 direct selection 'Hot Buttons'
- Blue LED light path guides the user through the vending process
- Possible to install up to three payment systems
- Arrangement for cashless payment system at a height of 1.300 mm from the ground
- Rolling price displays

TECHNOLOGY

- Softvend dispensing elevator
- Guaranteed product delivery thanks to an infra red detection system

ELECTRONICS AND MAINTENANCE

- N&W 16 bit electronic platform with a 4 Mega flashmemory
- Transmission and collection of Statistics according to EVA DTS system
- Executive and MDB communication protocol
