Emilio Lavazza

Designed for the workplace

To keep workdays running smoothly, whilst co-workers and visitors enjoy delicious drinks around the clock, we're focussed exclusively on developing high performance, ultra-reliable technology and delivering maximum satisfaction at work.

Helping to care for our planet

Our customers care about our planet; and so do we - we're committed to working together for a brighter future.

Our people are dedicated to helping our customers achieve their sustainability goals with technologies that actively reduce energy consumption and water use, and by cutting plastic use and waste sent to landfill.

Our partnerships

Our dedicated team are ready and waiting to support you with expert advice. We give you the choice of how your machine is managed and maintained, working with you to find the very best solution for your business.

This truly unique offering means we have the most versatile vending solutions to refresh and delight consumers in every type of business, and puts our customers in control.

Experience coffee shop quality in the workplace

Our cutting edge FLAVIA® technology puts you in control of an unrivalled range of coffee shop quality drinks, with industry leading reliability and only the highest quality fresh ingredients served from the patented Freshpack™.

This latest generation technology delivers all of the drinks quality and precision that businesses have come to expect in a beautifully designed table-top unit that sits perfectly in the most stylish office, reception or boardroom.

For us, success is simple...

Delivering drinks you'd choose outside the office and the brands you know and love, all available at the touch of a button.

The perfect choice for your workplace

SIMPLICITY

Hassle-free dynamic brew cycles from our latest Freshpack™ recognition system make perfecting your favourite drink easier than ever.

TECHNOLOGY

Cutting edge technology, built with intuitive touchscreen interface, automatic cup stand and milk frothing technology for total customisation.

CHOICE

Choose from over 15 coffee shop quality drinks, each with custom size options and a complete menu of freshly prepared Lavazza coffees.

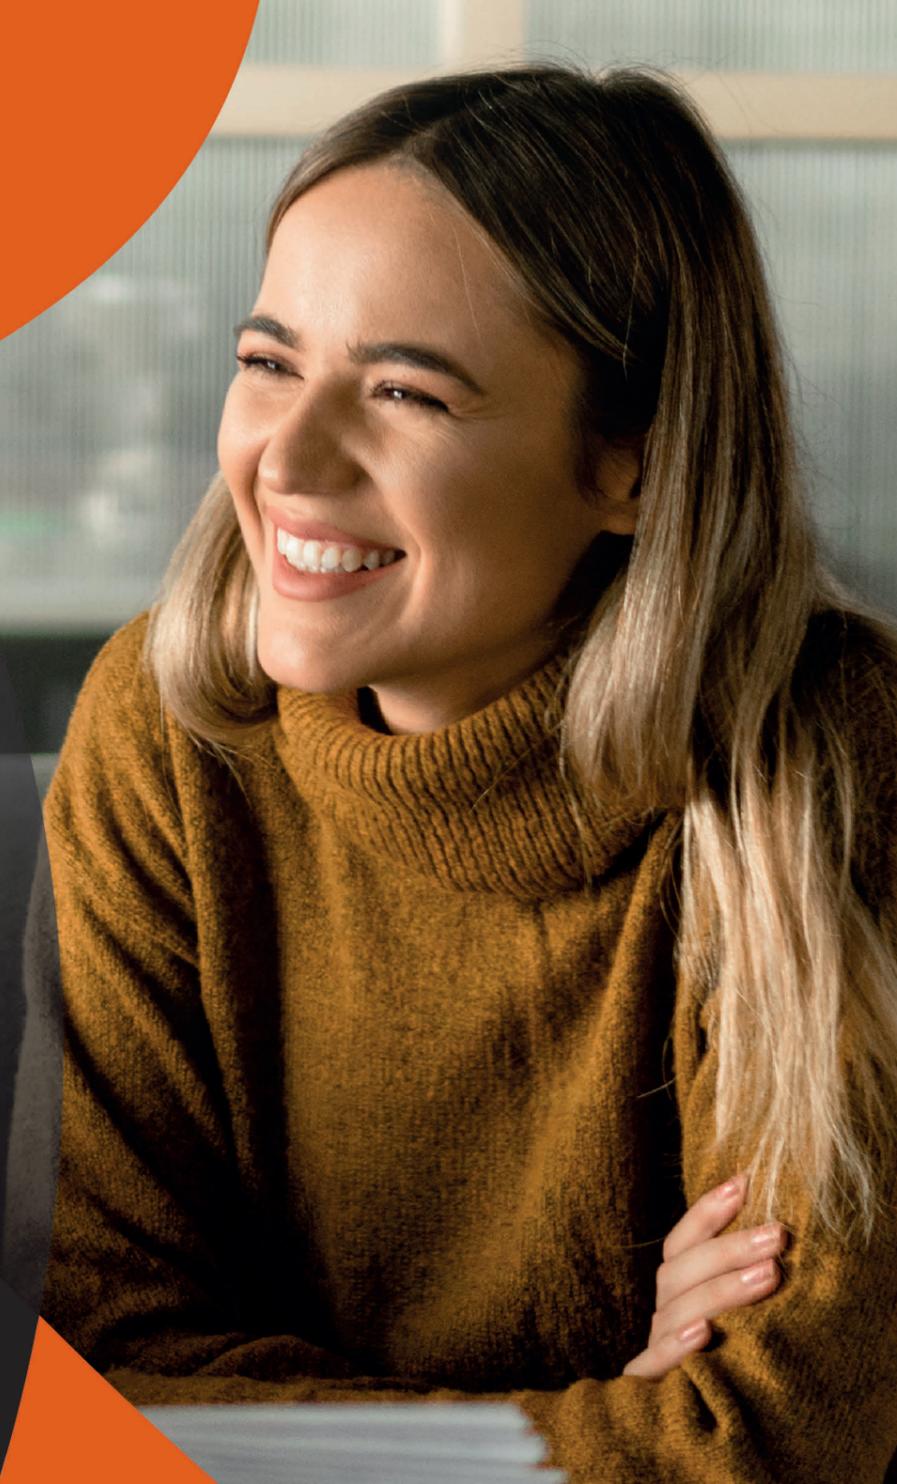

RELIABILITY

Hassle-free management and maintenance with industry leading 99% up time* reliability you can depend on, plus real-time diagnostics, to avoid unwanted down time.

SUSTAINABILITY

Helping you achieve your sustainability goals, with A+ energy rating for efficiency and zero waste to landfill in production.

*based on existing FLAVIA® machine base 2020

Great tasting drinks, freshly served every time

Enjoy high-street coffee shop quality and range all from a single machine designed exclusively for the workplace.

The single serve office machine crafting the perfect hot beverage, with a re-imagined menu bringing coffee shop quality to your workplace with an even greater choice of freshly brewed Lavazza coffees, real leaf teas, hot chocolate and more.

Each delicious drink is fresh and full of authentic flavour to delight and satisfy your team's taste buds. No compromise on taste and quality, just great tasting drinks as you'd expect to find them outside the office, all at the push of a button.

Patented Freshpack™ technology

Sealing in the freshness

FLAVIA® brewers use the patented Freshpack™ system to brew each drink direct from the pack and straight into your cup, ensuring no taste cross-over between drinks.

Source

We source the finest coffee beans, leaf tea and chocolate from around the world

Seal

We seal the fresh ingredients inside our Freshpacks to lock in the all freshness and flavour.

Ingredients remain as fresh as the day they were sealed for nine months.

Serve

Hot water unlocks the sealed Freshpack™, releasing the aromatic ingredients brewing inside. We serve the perfect drink unlocking all the delicious taste, flavour and aroma.

Our system adds just the right volume of water, at the perfect temperature for just the right amount of time, ensuring maximum taste and flavour is extracted for the perfect cup, whenever you want it.

Ultra-reliable & hassle free

Designed specifically for the workplace, so members of staff and visitors can enjoy a variety of freshly brewed hot drinks whenever you choose from a single, stylish and ultra-reliable machine with industry leading 99% up time.*

Engineered for busy businesses

Quick and easy to clean and maintain

No mess, no fuss with drinks dispensed directly into the cup

Used Freshpacks are automatically dispensed to a waste container within or beneath the system

Low noise operation, perfect for the workplace

Compact & portable

Lavazza Professional FLAVIA® C600 can be situated anywhere in the office and easily re-sited thanks to its plumbed or unplumbed functionality.

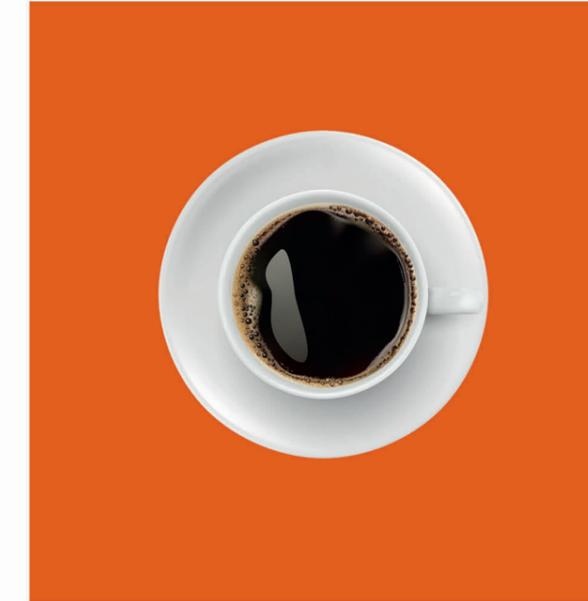

Intuitive interfaces

A positive drinks experience right from the start with on-screen instructions to guide you through the quick and simple process of drink selection & brewing.

A+ energy rating

Our unique water management system with two mini boilers heats only what it needs to use ensuring no energy is wasted, yet it can still serve multiple drinks without delay or loss of water temperature.

*based on existing FLAVIA® machine base 2020

*High performance
FLAVIA® technology
that simply won't
let you down*

Simple, one-touch operation

Portable & compact

High energy efficiency

Adjustable drink sizes

Patented Freshpack™ system

Low maintenance, hygienic operation

Our most advanced technology

Our latest generation technology delivers all of the drinks quality and precision that businesses have come to expect in a beautifully designed table-top unit that sits perfectly in the most stylish office, reception or boardroom.

The journey to a more sustainable future

We're paving the way for the vending industry, leading our customers and consumers from the front on a journey towards more sustainable workplaces.

With strong discipline and a commitment to working together, we can realise a brighter future for our planet.

Taking a considered approach to each and every aspect of our sustainability programme, we'll ensure our customers get the very best sustainable solutions with the support and guidance of our team at every step.

Energy efficient technologies

FLAVIA® technology is designed with efficiency in mind, we continue to pioneer a range of technology that leads the workplace drinks industry with sustainability features - such as low energy modes and twin tank boiler systems, heating just enough water at precisely the right temperature, avoiding unnecessarily heating water before it's required.

Built for energy efficiency

FLAVIA® leads the workplace drinks market with sustainable technology

- Low energy modes and twin tank boiler systems
- Heating just enough water for each drink at precisely the right temperature, avoiding unnecessary energy waste
- Maintaining zero waste to landfill
- 14% less energy vs. standard kettle usage*

Freshpack recycling

To help create more sustainable workplaces, discarded Freshpacks™ can be recycled with TerraCycle, providing a second life to used FLAVIA® Freshpacks™ across the UK.

A business engineered around sustainability

From raw materials and packaging to machine and cup recycling, we set an enviable standard.

Our ISO 14001 Environmental Management System is fundamental to rigorously addressing and continuously improving our environmental performance. It covers our factories, our offices, the development of new products and the effect our current products have on the environment.

We know our customers care about our planet and so do we

We're passionate about making a positive difference

At Lavazza Professional, we're passionate about making a positive difference that goes far beyond our own business and helps our customers to increase their sustainable operations.

'A world that destroys the goods of nature is one I do not belong in.'

LUIGI LAVAZZA, 1935

Sustainable sourcing

We're focused on creating a positive social impact for everyone involved in our business and supply chain, whilst minimising the environmental impact

Committed to sustainable practices from sustainable agriculture we are ensuring our raw materials are sourced responsibly to sustainable operations that reduce the impact on people and our planet.

Reaching out to our expert coffee and tea growing communities around the world, we help to provide advice and training on more sustainable growing practices resulting in improved income and quality of life for their families.

We partner with World Coffee Research, helping coffee farmers grow healthy and sustainable crops.

We work with the Ethical Tea Partnership to ensure a more secure future for tea farming communities.

Working together for a brighter future for our planet

Our team is committed to meeting the needs of our customers and promoting sustainability, and we're dedicated to making it even simpler for our customers to reduce their environmental impact.

Create your perfect drinks menu

With a range of delicious freshly ground coffees, real leaf teas, herbal infusions and specialities, we can help you select the perfect drinks menu to suit your needs.

Origin Coffees

Colombia
Aromatic & medium roasted to give a balanced, fragrant experience.

Ethiopia
Our 100% Yirgacheffe beans are medium roasted to give a distinctive bright, fruity flavour.

Sumatra
Dark roasted to give a heavy bodied, complex cup with a bold finish.

Blended Coffees

Mild Roast
A delicate easy drinking coffee, with a sweet finish to enjoy all day long.

Smooth Roast
Smooth & well-rounded. A light roasted cup with a refreshing flavour, a real classic.

Rich Roast
Medium bodied with a fruity and sweet flavour that will shine through. Full-on!

Artisan Roast
Our specially blended, medium roasted coffee with distinctive fruity & bright notes.

Italian Roast
Rich and full bodied cup with warm caramel notes that leaves a smokey finish. Bellissimo!

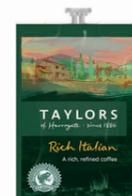

Espresso Roast
A luscious blend of dark roasted beans, delivering a heavy bodied, bold and earthy flavoured cup.

Hazelnut
Enjoy a luxurious blend of medium roasted beans and the continental flavour of hazelnuts.

Smooth Roast Decaf
Smooth & well-rounded. A light roasted cup, with a refreshing flavour, without the caffeine!

Rich Italian
This is coffee with class – a sophisticated roast that takes its cues from the elegant blends of northern Italy.

Black Teas

English Breakfast
Robust and full-bodied with notes of caramelised sugar and malt.

English Breakfast Strong
Stronger, more robust and full-flavoured.

Earl Grey
Medium-bodied with fresh bergamot aroma and flavour.

English Breakfast Decaf
Bright appearance and a good alternative if you don't want the caffeine.

Galaxy Hot Chocolate
Real Galaxy chocolate for a silky, smooth and indulgent hot chocolate drink.

Herbal Infusions

Lemon Herbal
Light lemon citrus notes with a touch of floral and honey flavours.

Peppermint Herbal
Medium-bodied with full, rich peppermint flavour.

Select Green
Smooth and creamy with a nutty aroma and taste; balanced bite and sweetness.

Select with Jasmine
Light-bodied with a refreshing taste and fragrant aroma of jasmine.

Real Milk Froth Powder
100% dried skimmed milk, locally sourced in the UK. The most tasty and simple way to top your FLAVIA® drinks from lattes to cappuccinos.

Green Teas

Yorkshire Tea

Yorkshire Tea
A proper brew, pure and simple. Great quality, loads of flavour.

Health & Wellbeing Infusions

Immunity
Flavours of lemon and peach, one drink provides 15% of your recommended daily allowance of Vitamin C.

Smart
Blend of lemongrass and white hibiscus flowers, one drink provides 15% of your recommended daily allowance of Zinc.
